

GJAUTA Proposal: Aviation Revitalization Committee

Objectives:

Evaluate current level of service for both commercial and general aviation.

Define obstacles to improvement, and “best practices” used by other airports to provide a high level of service.

Develop and communicate specific recommendations to the Grand Junction Regional Authority Board, to improve aviation infrastructure and services.

Suggested Composition:

Airport staff, to be determined by the Interim Director

GJRAA board representation, as directed by the Chairman.

Citizen representation, as directed by the Board Chairman

Suggested Reporting to the GJRAA Board

Quarterly
